A message from our Board Chair  
CFS Brings Communities Together for Families

It has been an honor to serve as the Child & Family Service board chair for the past two years and I am truly pleased with how much we have accomplished together. I am confident knowing CFS is in a solid and sustainable financial condition, with outstanding board leadership and engagement, a dynamic leader at the helm, and positive positioning within the industry.

TONY MIZUNO  
Board Chair  
Executive Vice President  
Bank of Hawaii

WE KNEW REPLACING HOWARD GARVAL’S 20 YEARS OF EXPERIENCE WOULD BE CHALLENGING, so it was both exciting and comforting to discover that the most qualified candidate came from within our CFS ranks. In re-envisioning CFS’s place in the community, Karen Tan is transcending her role as agency president to becoming a champion for social services in the state. With her guidance, CFS is sharing new learnings, shepherding innovative projects and fostering inter-agency collaboration in a kind and respectful way.

At CFS, we believe in developing leaders from the bottom up. To honor Howard’s legacy, a thoughtful hui of donors made a special donation to the Stronger Families Fund® to name and launch the Howard S. Garval Leadership Academy. Started in 2017, the Academy identifies employees with the potential for leadership in their area of expertise. To date, the annual program has provided leadership training to 39 CFS employees from across the state.

In respect to CFS finances, we continue to remain focused on financial diligence and our obligation to use our assets responsibly. Our numbers are strong and sustainable, which helps to ensure we have the ability to provide critical services even if hit with random hiccups such as a government shutdown, natural disasters or other unexpected events.

Lastly, as I close my tenure as board chair, I want to thank my fellow board members. It has been a pleasure to work—and dance—with you. While a few of us could use some help with our rhythm, our teamwork was impeccable.

Accreditations & Affiliations

A message from our President & CEO
Changing Lives, Impacting Communities

As we prepared to celebrate our 120th anniversary, we looked deeply into our rich history. From helping to establish Child Welfare and Child Protective Services to providing support after the bombing of Pearl Harbor, we were able to draw connections between past accomplishments and the work we do today. Our work has meaning. It has longevity. And it truly matters.

Along with communication, we’ve increased transparency in our budget and processes. By building a culture that is celebratory, humble and appreciative of our people and their efforts, we’re all growing together. The result? For the second year, CFS was ranked among Hawai‘i’s Best Places to Work!

Under the theme of collaboration, in 2019, the CFS board literally helped us break down our office walls and build a free collaborative hub for the community. Dubbed the CFS Innovations Lab, it’s our hands-on approach to bringing industry partners together to solve Hawai‘i’s most urgent problems.

Having a brainstorming space is just the start. Starting in 2019, I invited leaders from across government, human service, education and other sectors to get messy and “stomp in puddles” with me. The term is playful, but my intent is ambitious: to dig deep and objectively ask what is working for our community, our program participants and local service organizations. By stomping in puddles and being unafraid to examine the status quo we can affect change—together.

One example of change is our pilot program called Transition to Success®. Unlike other programs, Transition to Success approaches poverty as a treatable condition. Based on positive results on Kaua‘i and Maui, we now have the impetus to launch the program statewide.

The strides we are making today would not be possible without the wisdom and vision of our past and present CFS Board, the unfailing generosity of our donors and the tireless efforts of our dedicated volunteers and staff. On behalf of the many lives we touch, mahalo.

“The Fund builds on one of the basic strengths of CFS – a committed group of supporters who come together to collectively achieve more than any of us could do individually.”

– RICH WACKER
CFS BOARD OF DIRECTORS
There are times when CFS must act boldly to support innovation and calculated risk-taking. Our State and Federal funds, however, are prescriptive. In response we created a new way to support our initiatives by establishing the Stronger Families Fund®. Launched by 10 “hui” or teams, these individuals understood the need for CFS to be constantly improving, challenging old norms, testing and, most importantly, evolving.

**THE FOCUS OF THE FUND IS TO PROVIDE** the flexibility needed to respond quickly to the changing needs of Hawai‘i communities. Over the last 4 years, the SFF helped implement innovative, evidence-based models of care for the State of Hawai‘i, supported vast infrastructure improvements, boosted essential services and were vital in breaking CFS out of the traditional “social service model” by developing leading programs that break poverty myths and move families toward self-sufficiency.

The flexibility of the SFF makes it possible to direct funds to be innovative, deliberate and accountable. The SFF supported a portion of the following initiatives:

**TRANSITION TO SUCCESS® (TTS)**
This innovative model of care, developed by Dr. Marcella Wilson, approaches poverty as a treatable condition. Piloted three years ago on Kaua‘i and Maui, data has shown that TTS is effective in moving individuals and families out of poverty. The program will be scaled throughout all CFS programs across the state.

**RESULTS-BASED ACCOUNTABILITY™ (RBA)**
Rather than subjectively rating a person’s progress, this scorecard-based system enables us to objectively measure the degrees and types of impact our programs are having on participants. We are currently implementing RBA statewide.

**RISKING CONNECTIONS®**
100 percent of CFS program leaders and staff are trained in the Risking Connections trauma-informed approach to service delivery.

**HALE O ULU**
Translated as “House of Growth” in Hawaiian, the program offers a second chance to students who are expelled from school for drug abuse, violence, or truancy. The SFF provided therapeutic counseling and the implementation of the Choose Love program for teens and families.

**HALLWAY OF HOPE**
Security. Relief. Comfort. These are the emotions we wanted to greet our youngest guests. Thanks to generous donors, the Hallway of Hope was transformed with a mural that lets keiki feel safe and welcome.

**TRANSITIONAL APARTMENTS**
When home isn’t a safe place, our transitional apartments offer healing and a sense of belonging. SFF funding supported program enhancements.

**WALK-IN FAMILY CENTERS**
Thanks to donors we renovated our old, worn facilities, expanded hours and staffing and expanded outreach efforts.

**HAWAI‘I ISLAND SERVICES**
The impact of the SFF is felt by families across East and West Hawai‘i through increased staffing and staff training in the areas of abuse, violence, and research-based trauma treatments, and a new play structure for the little ones.
CFS Programs
Twinkle to Wrinkle

The bumps in the road of life can be many, and Child & Family Service is there to help, starting with programs such as Head Start for preschoolers to programs that honor our kūpuna. We also provide substance and abuse treatment, safe houses, intervention services, youth programs and programs to assist employers.

IN ALL, WE HAVE NEARLY 50 PROGRAMS AND SERVICES that assist families. What can we do better? In 2017, CFS launched three bold initiatives that are changing our culture, increasing our effectiveness and creating lasting change in the lives of the families we serve.

TRAUMA-INFORMED CARE
Trauma comes in many forms, from being the victim of sexual violence to a feeling of helplessness as you watch molten lava destroy your family home. In 2018, CFS implemented a system-wide framework based on understanding, researching and responding to the symptoms of trauma with empathy. This approach accepts that a person’s history—such as child abuse, houselessness or addiction—can greatly impact their ability to carry on day to day activities. Using important principles of Trauma-Informed Care, CFS is changing lives in ways that feel safe and honors all cultures.

RESULTS-BASED ACCOUNTABILITY™
More and more, human service organizations are being asked to use data to prove the effectiveness of their programs and services. CFS is leading the transition to Results-Based Accountability which employs models for measuring performance. Our CFS employees work together with their clients to self-assess their progress on domains such as their confidence that they will have a place to live, their feeling of safety within their home, their confidence in being able to work or attend school and other life skills. The resulting scorecards have proven invaluable in demonstrating the effectiveness of our pilot program to fight generational poverty, Transition to Success®.

TRANSITION TO SUCCESS®
Over the past 3 years, Child & Family Service piloted a new anti-poverty program, Transition to Success®, on the islands of Kaua‘i and Maui. TTS is a system of care that changes our understanding and treatment response to poverty as a condition, not a character flaw.

Using our model for Results-Based Accountability, we measured the program’s impact on participants in 19 domains such as housing security, financial security, safety in their homes, access to food and support and other necessities. The data revealed incredible changes in 16 of the 19 domains, with 11 areas showing statistically significant improvement in personal empowerment.

“Thank you for helping me, and for the values that I am learning to apply in my life.”
Honor Roll of Donors
THE CHILD & FAMILY SERVICE HONOR ROLL OF DONORS RECOGNIZES THE TREMENDOUS GENEROSITY OF DONORS AND VOLUNTEERS who provide the resources CFS needs to achieve its mission of strengthening families and fostering the healthy development of children. Along with individuals, corporations, trusts, foundations, and community organizations, we also recognize our ‘Onipa’ Society and Stronger Families Fund members – our most steadfast donors. It is with deep gratitude that, within these pages, we acknowledge their support.
